Alpha® SE48-1909

Battery Side Module Enclosure

- Traffic grade aluminum enclosure protects batteries from outdoor elements
- Cost-effective method of adding 48VDC standby capacity to any existing ground mount enclosure
- Engineered to minimize temperature differential between batteries
- Available in natural aluminium finish

The Alpha® SE48-1909 battery side module enclosure provides a cost-effective method of adding standby capacity to any installed ground-mount enclosure.

The Alpha® SE48-1909 battery side module enclosure provides space to mount a 48-volt battery string, and for optimum battery life, has been engineered to minimize the temperature differential between batteries located within the existing enclosure and batteries in the Alpha® SE48-1909 battery side module enclosure. The Alpha® SE48-1909 battery side module enclosure can be mounted on either the right or the left side of the enclosure. The Alpha® SE48-1909 battery side module enclosure kit includes the enclosure and door, key set, and all necessary mounting hardware and installation instructions.

Alpha® SE48-1909 Battery Side Module Enclosure

Part Number : 033-078-28

Mechanical	
Dimensions (H × W × D)	48 × 19.5 × 8.75 in. (1220 × 495 × 222 mm)
Net Weight	38 lb (17.3 kg)
Construction	0.125 in. High strength corrosion resistant aluminum
Finish	Natural aluminum
Equipment Space	Accommodates up to four AlphaCell® HP case size 31 batteries
Hardware	
Door Latch	Type 2 lock for maximum security
Installation	
Access	Lift-off front door provides easy wiring access
Environmental	
Ventilation	Louvered vents on front door
Cabinet Rating	Type 3R
