

ODYSSEY® BATTERY

Shop Chargers Offering extra flexibility for heavy duty fleets and auto repair shops

If you want both performance and versatility in a commercial-grade charger, our new ODYSSEY® battery shop chargers are the upgrade you've been waiting for.

ODYSSEY battery 12-volt shop chargers are rated at 35, 70 and 105 amps, and offer charging solutions that can be transported around the shop or wall mounted for permanent operation. Additionally, the 70- and 105-amp units feature a programmable dashboard on a 4.3-inch color screen that displays charging status. ODYSSEY battery shop chargers carry a 3-year warranty.

For more information on our complete range of ODYSSEY battery shop chargers, see your local ODYSSEY battery sales representative.

Each shop charger contains a 6 foot cable connected to the unit as well as a 4 foot removable cable with clamps.

Charger Model	Description	SPECIFICATIONS							
		Volts	Amps	Cables	Jumper	Length	Width	Height	Weight
